

SOUTHMEAD HOSPITAL BUSKATHON

15th June 2018 at 12 noon (Please arrive at 11.45a.m.)

Various buses go to the hospital from all parts of Bristol. Best information from hospital and/or First & Wessex websites.

For those arriving by car, follow signs for Car Park entrance to the right side of the Brunel Building. The car park is busy but the turnover is regular, so if full, drive around until a place becomes vacant. There are 3 floors, 1 & 2 are under cover; 3 is at the top and in the open with lifts and stairs for access. The cost is about £3.00 an hour. I have asked for parking concessions for the band, but none are available, sorry! You pay when you leave at machines just by the entrance to the main building. A camera records your number plate as you arrive, and you need to type this into the machine when you are ready to go. You are not issued with a ticket to leave.

We are performing in the same place this year, opposite the grey check-in towers, a short distance from the car park entrance. There is a safe place behind the performance area to leave coats, bags and instrument cases.

There is a water dispenser very close by.
